Admiral Halsey and Joseph Kenendy Sr and Dean Rusk I think were the underground railroad into the US and under adoptive names.

Glorian Donegan née Glorian Gainey was a Kutchera from an affair with Edward of Wales, and she Glorian begat 3233, 3234, and 3235 (last 4 digits) and Ed Donegan and Tom Donegan nearly two years apart are the far two of those SSNs. The middle on 3234 can be explained as a fertilzation on Feb 20, 1961 JFK meeting with OECD and George Ball State Department on phone to others and Ed Donegan being born November 18, 1961 (I prefer Ed or Ned or Edward over Eddie) and someone else flown to the Whitehoue on November 23, 1961. Happy Birthday in the Whitehouse and Donald Barr seems to be holding the research monkey just back from Los Angeles where JFK was at the birth of the monkey.

Ed Donegan asserts this is one many many and the most probabe birth location of Barrack Obama Jr. but testing for FOXP2 was going to be needed at the CIA covert research site.

The song by Paul McCartney is something Ed Donegan calls an "open secret." Helping pregnant Maria Kutcshera postulant leave for the USA likely traveling with Maria of Romania into the USA to give birth, then return to Austria to marry Baron Von Trapp is a story that makes sense if looking at her earlier diary potrayal versions. This how hidden identity children ended up on Los Angeles as Norma Jean and Glorian Donegan with Dean Rusk placing her with Festus Gainey in Denton area Camp Davidson college North Carolina with Festus Gainey.

Kennedy, Duke of Windsor, and Duchess of Windsor. The 1957 Paris Ball commemorated the 200th anniversary of the birth of the Marquis

de Lafayette and benefited the French Hospital of New York, along with several French-American cultural charities. Very few of the diners are shown in the photo. It was also the same year RKO Pictures released Jet Pilot with John Wayne, and the same year plans involving Indonesia were being made while Frank Wisner was departing at the Central Intelligence Agency.

One speculative topic is how better leadership — perhaps leadership groomed by the United States and Britain — might serve as a useful experiment in strengthening the leadership and economies of newly independent nations. After a pregnant pause, they agree to meet again at about 11 o'clock.

The phrase “hands across the sea” means:

> friendship, alliance, or goodwill between nations separated by the ocean.

In Sousa’s time, it especially referred to improving relations between the United States and Britain after tensions earlier in the 19th century. Around the turn of the 20th century, the two countries were becoming closer diplomatically and culturally.

Sousa himself reportedly said the march was dedicated:

> “to no particular nation, but to all of America’s friends abroad.”

> The march was addressed to no particular nation, but to all of America's friends abroad. It has been suggested that Sousa was inspired by an incident in the Spanish-American War, in which Captain Chichester of the British Navy came to the support of Admiral Dewey at Manila Bay. A second (and more likely) source is a line by Frere, which was printed on the front cover of the sheet music: "A sudden thought strikes me—let us swear an eternal friendship."

> That's probably why you connected it with Britain helping an American ship — the phrase often got used in naval and wartime contexts to symbolize allied support.
